Amendment No. 1 to the Aquaflow Limited Warranty Policy

Document ID: AQF-WP-1.0-A1. Effective date: 1 January 2025.

This amendment supersedes Section 2 (Warranty period) of policy AQF-WP-1.0 for all units purchased on or after 1 January 2025. All other sections of AQF-WP-1.0 remain in force, except where this amendment states otherwise.

1. Commercial-use units

For units installed or used in commercial or industrial settings, the warranty period is reduced to twelve (12) months from the date of purchase.

This replaces the 24-month warranty period of section 2 of AQF-WP-1.0 for commercial-use units purchased on or after 1 January 2025.

2. Residential-use units

For units used in private residential settings the warranty period remains twenty-four (24) months from the date of purchase.

3. Usage classification

Whether a unit is commercial or residential is determined by the customer contract or lease agreement under which the unit was supplied.

4. Labour costs for commercial-use units

For commercial-use units purchased on or after 1 January 2025, labour by an authorised service agent is covered for the first six (6) months from the date of purchase only. From month seven until the end of the warranty period, parts remain covered but labour is charged at Aquaflow's standard rates. This replaces the labour part of section 3.3 of AQF-WP-1.0 for these units.

5. Maintenance log for commercial-use units

For every commercial-use unit, claims must include the maintenance log required by the service manual. A claim without the log is rejected unless the failure is clearly unrelated to maintenance.

6. Sections not changed

Sections 1, 3 (except labour costs as described above), 4, 5, 6, 7, 8, 9, 10, 11 and 12 of AQF-WP-1.0 are unchanged. Units purchased before 1 January 2025 remain under the original section 2.

7. Summary of warranty periods after this amendment

Unit and purchase date	Warranty period	Labour covered
Any unit bought before 1 Jan 2025	24 months	whole period
Residential unit bought from 1 Jan 2025	24 months	whole period
Commercial unit bought from 1 Jan 2025	12 months	first 6 months
